Hana® Distraction Pad

Patient Care Kits for Post-Free Positioning

Increase utilization of your Hana® Surgical Table with the latest post-free techniques. Introducing the Hana Distraction Pad, the only surgical table manufacturer validated solution for post-free hip distraction.

- Ultra soft, high friction material holds patient firmly in position when traction is applied
- Easy patient transfer - no draw sheet required for patients weighing up to 450 lbs (207 kg)
- Ergonomic patient set up and positioning
- Allows full functionality of the Hana in the supine position
- Perineal Post may be used for additional stability
- Holds patient in place without the need for Trendelenburg
